Double the space in the Yarra Valev

PAs looking for a large conference space in the Yarra Valley can now find what they need at the Foothills Conference Centre in Mooroolbark, at the foot of the Dandenong Ranges. The centre has doubled its meeting space and can now cater for up to 250 delegates. There are also plans for an extensive building programme to take the number of guest rooms from 54 to over 100. The Centre was purpose-built in 2005 and includes a main conference room plus six other rooms of various sizes and two lecture theatres. There is also the Wattleree Restaurant & Bar and Fireside Lounge, plus an open-air amphitheatre.
